Keys to Collaboration Workshop

NOTES TRANSCRIBED FROM WHITE BOARD

*At the conclusion of the breakout group activity, the groups came back together and shared their “keys to collaboration” documented by each group on its yellow worksheet. For the first activity, each group was asked to share one of the three basic keys to collaboration identified. Then the other groups were asked to indicate whether they had a similar “key” documented. The responses were documented on the white board and the number of groups that had a similar “key” noted. The following notes were transcribed from the white board. **Please note that all the “keys” shared on the yellow worksheet have been transcribed in a separate document.***
